

Preface

“Education is what survives when what has been learnt has been forgotten”

-B. F. Skinner

The school acknowledges the aforesaid and plans to introduce concepts and teaching techniques which could help the children realize their potentialities, imbibe good values and apply learning into action.

Interactive learning by peer group teaching use of over head projectors, power point presentation, work sheets and backup sheets based on given study material over and above ‘Activity Based Learning’ ABL will be the highlights of our teaching strategy covering the new paradigms in education viz, banking, fashion, Information & Communication Technology etc. are being included in the syllabus for updating of student’s knowledge and skills. You can teach a student a lesson for a day but if we teach him/her to learn by creating curiosity, he/she will continue the learning process for ever.
