Letter from the Principal

Democracy is not merely a system of governance; it is a living philosophy sustained by dialogue, dissent, responsibility, and informed participation. In an age of rapid change and complex challenges, it is essential to nurture young minds who not only understand democratic institutions but also internalize their values and spirit.

It gives me immense pleasure to present Subodh Sansad, the Youth Parliament of Subodh Public School, Rambagh Crossing, Jaipur. This academic initiative seeks to cultivate constitutional awareness, political literacy, ethical leadership, and articulate expression among students through a structured simulation of parliamentary functioning.

Subodh Sansad fosters disciplined engagement with democratic processes, teaching students the importance of informed debate, responsibility, consensus-building, and respect for diverse viewpoints essential for a vibrant democracy.

Letter from teacher coordinator

Youth Parliament offers students an essential platform to actively participate in democratic processes, moving beyond theoretical learning. Subodh Sansad enables learners to comprehend parliamentary operations through informed debates and respectful discussions on significant national and global issues.

As the Faculty Coordinator, I have been encouraged by students' seriousness and curiosity towards this initiative. The rigorous research, deliberation, and structured discussion processes enhance political awareness and cultivate leadership, clarity of thought, and constitutional sensitivity..
